

Appliance Usage Form

In an effort to serve you safely and satisfy our insurance provider we must constantly update our records on appliances in your home or business which operate on propane. Below is a list of commonly operated appliances, please place a check mark beside those which you operate on propane. Only mark those which operate on your large residential or commercial tank, not those which you may operate off a small gas grill size tank. Please call, email, fax, or mail this list at your earliest convenience to one of our offices.

_____	Furnace
_____	Hanging Heater
_____	Wall Heater, Unvented
_____	Wall Heater, Vented
_____	Water Heater
_____	Kiln
_____	Swimming Pool Heater
_____	Gas Logs
_____	Gas Fireplace
