

Our Family Keeping Your Family Warm Since 1952

Welcome!

Thank you for choosing Collett Propane as your propane provider. We have three convenient locations to serve you: Lebanon, Wilmington, and Xenia. We are available 24/7, 365 days a year for emergency service, should one occur. We service over 9,000 customers in Southwestern Ohio including Greene, Montgomery, Clark, Clinton, Warren, Butler, Hamilton, Brown, Highland, Clermont, and Fayette County (and growing!)

Our History: Before becoming Collett Propane, the company started out as Collett Hardware in 1919 in New Burlington, Ohio. We began to offer 100-pound cylinder fills in 1952 and made our first propane delivery on Thanksgiving Eve of that year. When the US Government acquired New Burlington in the early 1970's to eventually create Caesar Creek Lake, we moved our hardware and propane operations to Wilmington in the same location the propane business is still in operation today. Collett Propane continues to be locally owned and operated by the Collett Family.

Our Services: In addition to fulfilling your home and business propane needs, all our locations offer small cylinder sales & fills for grills, campers, RVs and more. In need of a hose or fitting? We got you covered. Finally, our expert service advisors are available to help with any project, no matter the size.

Safety Information: Please take the time to review & understand the vital safety information provided in your packet. Your safety and well-being is of the utmost importance to us. Please contact your local branch if you ever have any questions or concerns.

Thank you for trusting us to be your propane provider! Upon completion of your new paperwork package, kindly drop off at your local branch, send via mail, or scan and email to helpdesk@collettservices.com.
